Worldwide Fitness Company

PANATTA CARDIO TOUCH

PANATTA CARDIO TOUCH

Panatta completa la sua proposta Cardio Fitness con una nuova consolle multi-touch screen disponibile per le linee Panatta Pininfarina e Fenix. Massima usabilità e connettività unite allo straordinario display LCD retroilluminato rendono programmi, immagini e contenuti altamente fruibili a garanzia di un'esperienza di allenamento e di navigazione uniche. Hardware e Software made in Italy.

Panatta complete its Cardio Fitness proposal with a new multi-touch screen console available for Panatta Pininfarina and Fenix lines. Maximum usability and connectivity combined with the special LCD backlit display, makes the programs, images and high usable contents at guarantee for a workout and web surfing experience, the only one of its kind. Hardware and Software made in Italy.

TOUCH SCREEN INTERFACE

USER FRIENDLY 8

Interfaccia grafica user friendly, intuitiva e moderna.
User friendly graphical interface, intuitive and modern.

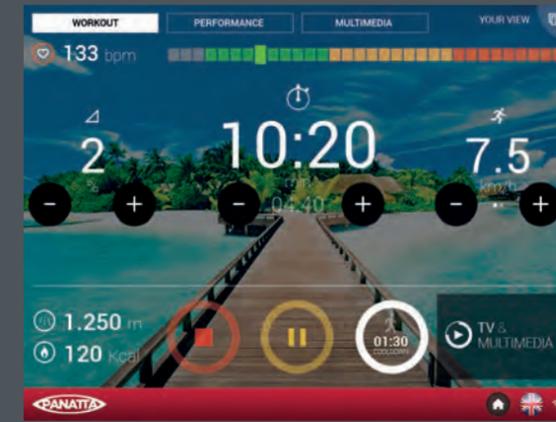

SMART 10

Impostazioni e regolazioni effettuate tramite innovativi sistemi di controllo circolare che sfruttano al massimo le caratteristiche del display touch capacitivo.
Settings and adjustments realized through innovative circular control systems that maximize at best the features of the capacitive touch display.

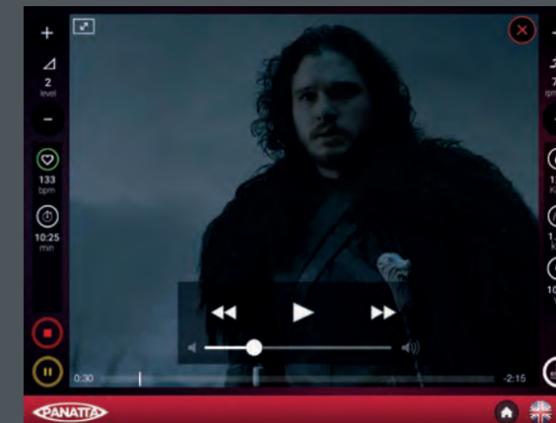

PROFESSIONAL 12

Programmi d'allenamento pensati per ogni tipologia d'utente, dall'entry-level al professionista di diverse discipline sportive.
Training programs designed for every type of user, from the entry-level to the professional of different sports.

YOUR VIEW 16

Sfondo di allenamento personalizzabile con una selezione di immagini e video.
Customizable training background with a selection of images and videos.

MULTIMEDIA 18

Massimo entertainment: accesso a contenuti multimediali, tv, radio, musica e video.
Best entertainment: access to multimedia content tv/radio, music and video.

CONNECTED 20

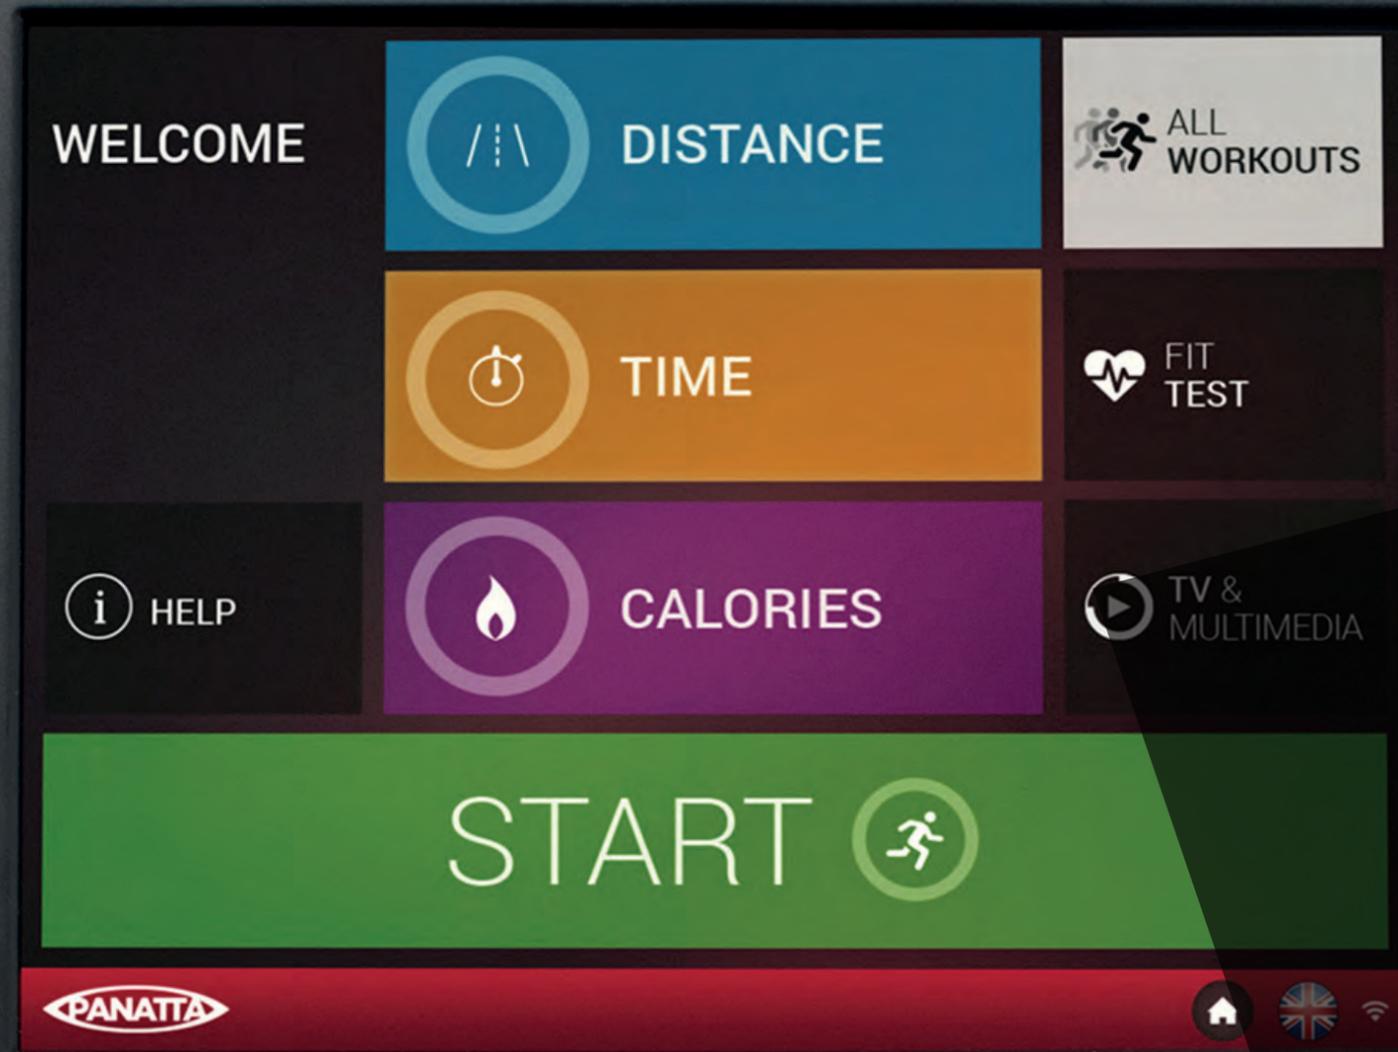

Connessione rapida e veloce a siti internet, web radio e social media.
Quick and fast connection to web sites, web radio and social media.

ASSET MANAGEMENT 22

Un progetto pensato per il business del cliente. Area di controllo, personalizzazione e condivisione dati tecnici in tempo reale.
A project designed for customer's business. Control area, customization and technical data sharing in real time.

MULTI-TOUCH SCREEN

DISPLAY HD 15' LED

Massima luminosità e visibilità dei parametri.

Un display pensato per durare nel tempo ed avere bassi consumi energetici.

Maximum brightness and visibility of the parameters. A display designed to last forever and lower the energy consumption.

CAPACITIVE MULTI-TOUCH SCREEN

Schermo multi-touch 5 punti per un'incredibile esperienza ed interazione utente.

Multi touch screen, 5 points for an incredible experience and user interaction.

RELIABILITY

Vetro touch screen con spessore 4 mm temperato garanzia di resistenza contro rotture e graffi.

Componentistica industriale per un'affidabilità di utilizzo professionale nel tempo.

Glass touch-screen with tempered 4 mm thickness, guarantee of resistance against breakages and scratches. Industrial component for a long lasting reliability of professional use.

IMPERMEABILITY

Montaggio touch screen in ambiente asettico con garanzia di impermeabilità.

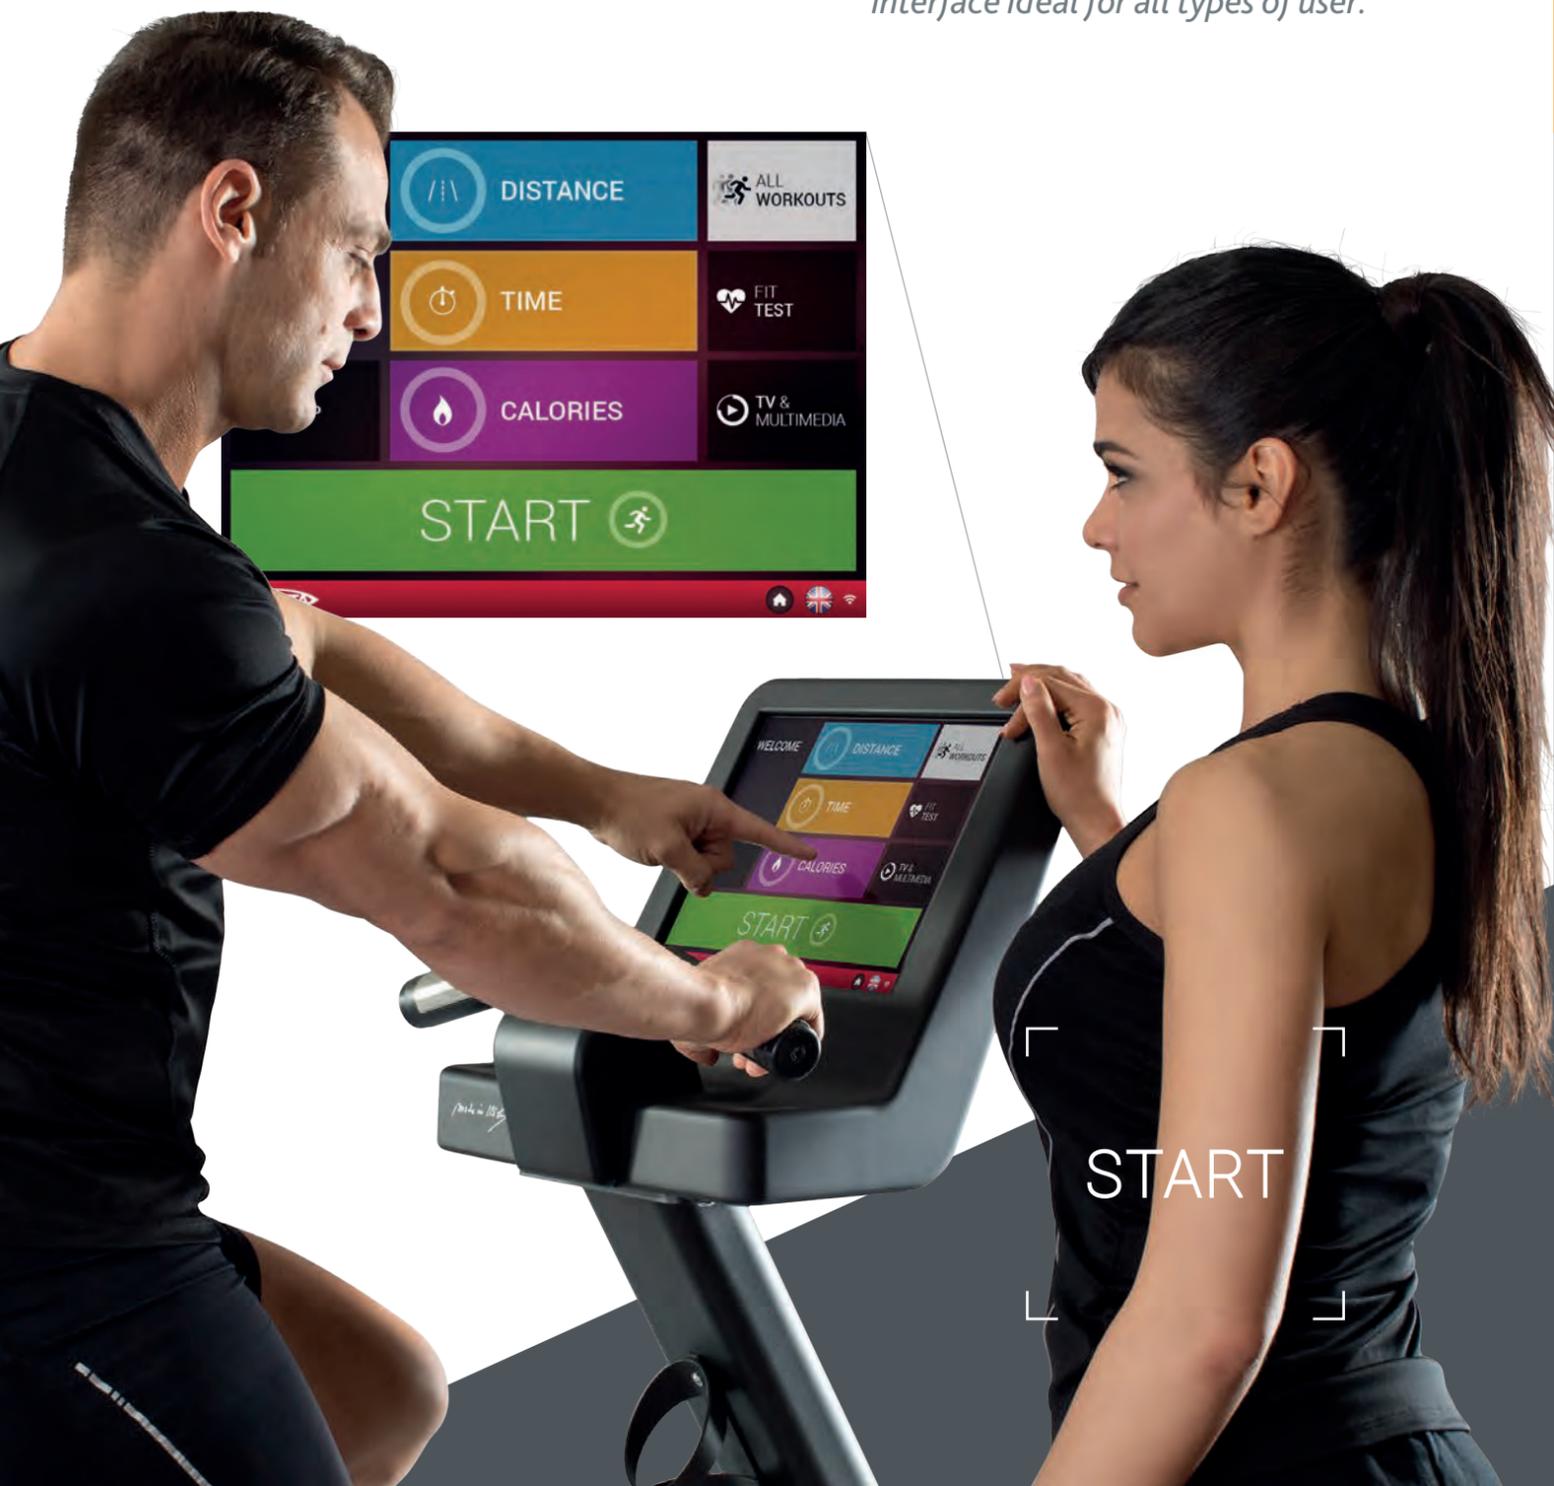

Assembly touch screen in aseptic environment with waterproof guarantee.

INTERFACE

USER FRIENDLY

Interfaccia grafica user friendly, intuitiva e moderna. La semplicità di utilizzo rende la nuova interfaccia touch screen ideale per tutte le tipologie di utenti.

Graphic interface user friendly, Intuitive and modern. The ease of use makes the new touch screen interface ideal for all types of user.
